"I really want to thank you for the great job your team did with our Apprentice event. WOW!!! I had a debrief meeting today and the entire team thought that the event was a huge success. We're really going to have to have a lot to live up to the next time around. Thank you for all of your hard work, as well as your team that was on-site for the day. I do hope we get the chance to work together again."

"You did an amazing job and as you promised everything went fabulously! As our team's expectations are high, we can be very demanding at times, but your ability to roll with the punches was noticed and appreciated."

"Thank you so much for a truly great event. We were very pleased to hear some positive reviews from our employees. I just wanted to thank you for ensuring our day was highly organized, putting up the extra signs for us, and making sure everything was ready and running very smoothly, you and your crew were FANTASTIC!!! We eagerly look forward to working closely with Canadian Outback again in the future, thank you again for all your hard work and extra efforts."

"Thank you for all your hard work. From my perspective I had a very pleasant experience coordinating this activity with you. I like when I can trust a vendor to run with the details with confidence the event will go off without a hitch. I will definitely be in contact with Canadian Outback next time I need to organize a team activity. Thanks again for everyone's hard work on pulling this activity together for us."

### **Devon Canada (April 2008)**

"The event was a success. The activities were perfect for this group, the timing worked well, and the staff was professional and well organized. It was great to work with your team down at Disneyland."

### **The Walt Disney Co. (March 2008)**

"We all had a fantastic time during our Amazing Race. We had great dialogue on the way to the Wickaninnish Inn and definitely at the 'Wick' during our business meetings. We also got a chance to bond with our co-workers and establish some rapport. Thank you so much for everything you did to help with our event"

"I have heard nothing but amazing comments regarding the Christmas Party. Thank you for all your efforts and for putting together a fantastic venue. Your staff was great and very professional and really understood our needs and individual personalities. And now, we need to discuss next year's party! You guys did such a great job I never want to plan another party without you."

"We were extremely happy with our Amazing Race event. One of my favourite things was the way that people were able to get creative and have some fun problem solving! For the teams themselves I think getting exposure to others in our department that they do not work with day-to-day was a key!! It proved the old adage "No one is good at everything, but everyone is good at something". We certainly found value, and have already started talking about what to do next year. Thank you guys for everything!"

"Your team did an outstanding job today. Our CSI event in New Jersey for L'Oreal R&D was a success. The feedback from the participants was extremely positive. The program was done very professionally, and despite the rain, worked out really well. Thank you to your team for making it a success for us."

"The spaced and easy flow of our Survivor event, from one "station" to the next, along with your staff's clear explanations of what was expected really enhanced the day. People "got it" and had fun meeting the challenges. As with most Team events, the bringing together of individuals to meet a common goal directly facing them, and their finding ways to do this, was of great benefit. In our HEADSTART conference, these are people from right across Canada who seldom see each other directly. Working together in small groups is excellent networking, as opposed to sitting in a meeting or seminar. Without question this was an excellent investment."

"I would like to thank all involved at Canadian Outback for the fabulous CSI event! It was well received and tied in appropriately with the theme of the day. I would also like to thank you for recommending Tom Dent, who did an exceptional job facilitating our day and meeting the needs of the team. I enjoyed how the event engaged the group from beginning to end, well done. I also appreciated the lack of need for involvement (as an organizer) on my part. The set up and execution of the event was cleverly done and very professional. You have already been recommended and I will continue to speak highly of our experience with you."

"The Iron Chef BBQ Challenge gave us the opportunity to take the team outside of the office environment and release some stress by just laughing and having fun. When you work as hard as the group does at EB it is good every once and a while to have a breather. It was also an opportunity to work together on something that took us out of our normal comfort zones as not all of us are used to being in the kitchen cooking a meal for one's peers."

"I really appreciated all the hard work and effort everyone put in. The staff's energy at your Event Centre was amazing and they really helped rally the troops! I think it was just a fun day for friends and family which in our industry is a HUGE deal. The major benefit for our company was the chance for staff to unwind, get to know each other and just enjoy being outdoors. We absolutely received value for money. Canadian Outback was wonderful. With our thousands of changes in ideas, locations etc they were always available and up to the challenge. I think any corporation would benefit from their services."

"Our Party in the Park event was easy going and EVERYTHING was taken care of for me. It was a great time to socialize and see a different side of others. We absolutely received value for money. I always tell everyone to use Canadian Outback!"

"During our Survivor event it was wonderful to have everyone actively involved. There was a mix of strength, logic, trivia, and strategy, which created balance in the teams and in everyone's participation. Since this event brought associates from 11 Milestones locations together, it was a great opportunity to create a social setting for networking. I had feedback that people were afraid of the term "teambuilding" (eg. do I have to close my eyes and fall backwards?) but throughout the day, everyone agreed that it was a great event, a lot of fun, and they trusted each other without feeling pressure. If I may quote Mastercard, I would say the experience was *priceless*."
